

Pegasus 1200S Evaluation Report

**An Evaluation Report of the Pegasus 1200S (Serial Number 1200S/1)
Metal Block Bath manufactured by Isothermal Technology Ltd**

INTRODUCTION

At Isotech it is our earnest desire to present for our customers consideration as much useful information as possible and to this end we have spent a substantial amount of time evaluating our products.

The results of the evaluation of a metal block bath can be presented in many formats some of which will give an optimistic or indeed a pessimistic view of how the product operates.
